A HISTORY OF QUALITY!

Quality Publishing was founded in Hamilton, Ohio in 1953 by Marvin and Jean Pettit. The Pettit's daughter, Jane Johnson and her husband Tim, purchased the business in 1986 and were later joined by their son David.

After outgrowing our location on Grand Boulevard, in 2002 we opened our new location on Symmes Road. Shortly after relocating the company, Quality Publishing suffered a great loss with the passing of Tim. Today, Jane and her son David continue her family's printing tradition as President and Vice President of the company respectively. It is the continuation of a legacy that ensures the quality workmanship, attention to detail, creativity and unparalleled customer service that Quality Publishing offers to its clients. We take pride in our work and in the family business.

Our Mission

Our mission is to exceed client expectations by providing the highest-quality product possible in a timely manner. We create long-lasting, prosperous relationships with our client partners in order to help them reach their goals and objectives.

Our Technology

We use the latest Heidelberg equipment, including the Speedmaster Press, which prints 5 colors with 2/2 perfecting capabilities and aqueous coating. The Digital Direct-to-Plate system is the latest in plating technology, and our copiers are production-quality digital color and B&W.
